

# *Multi-Scale Stormwater Management*

**Parcel-Scale**

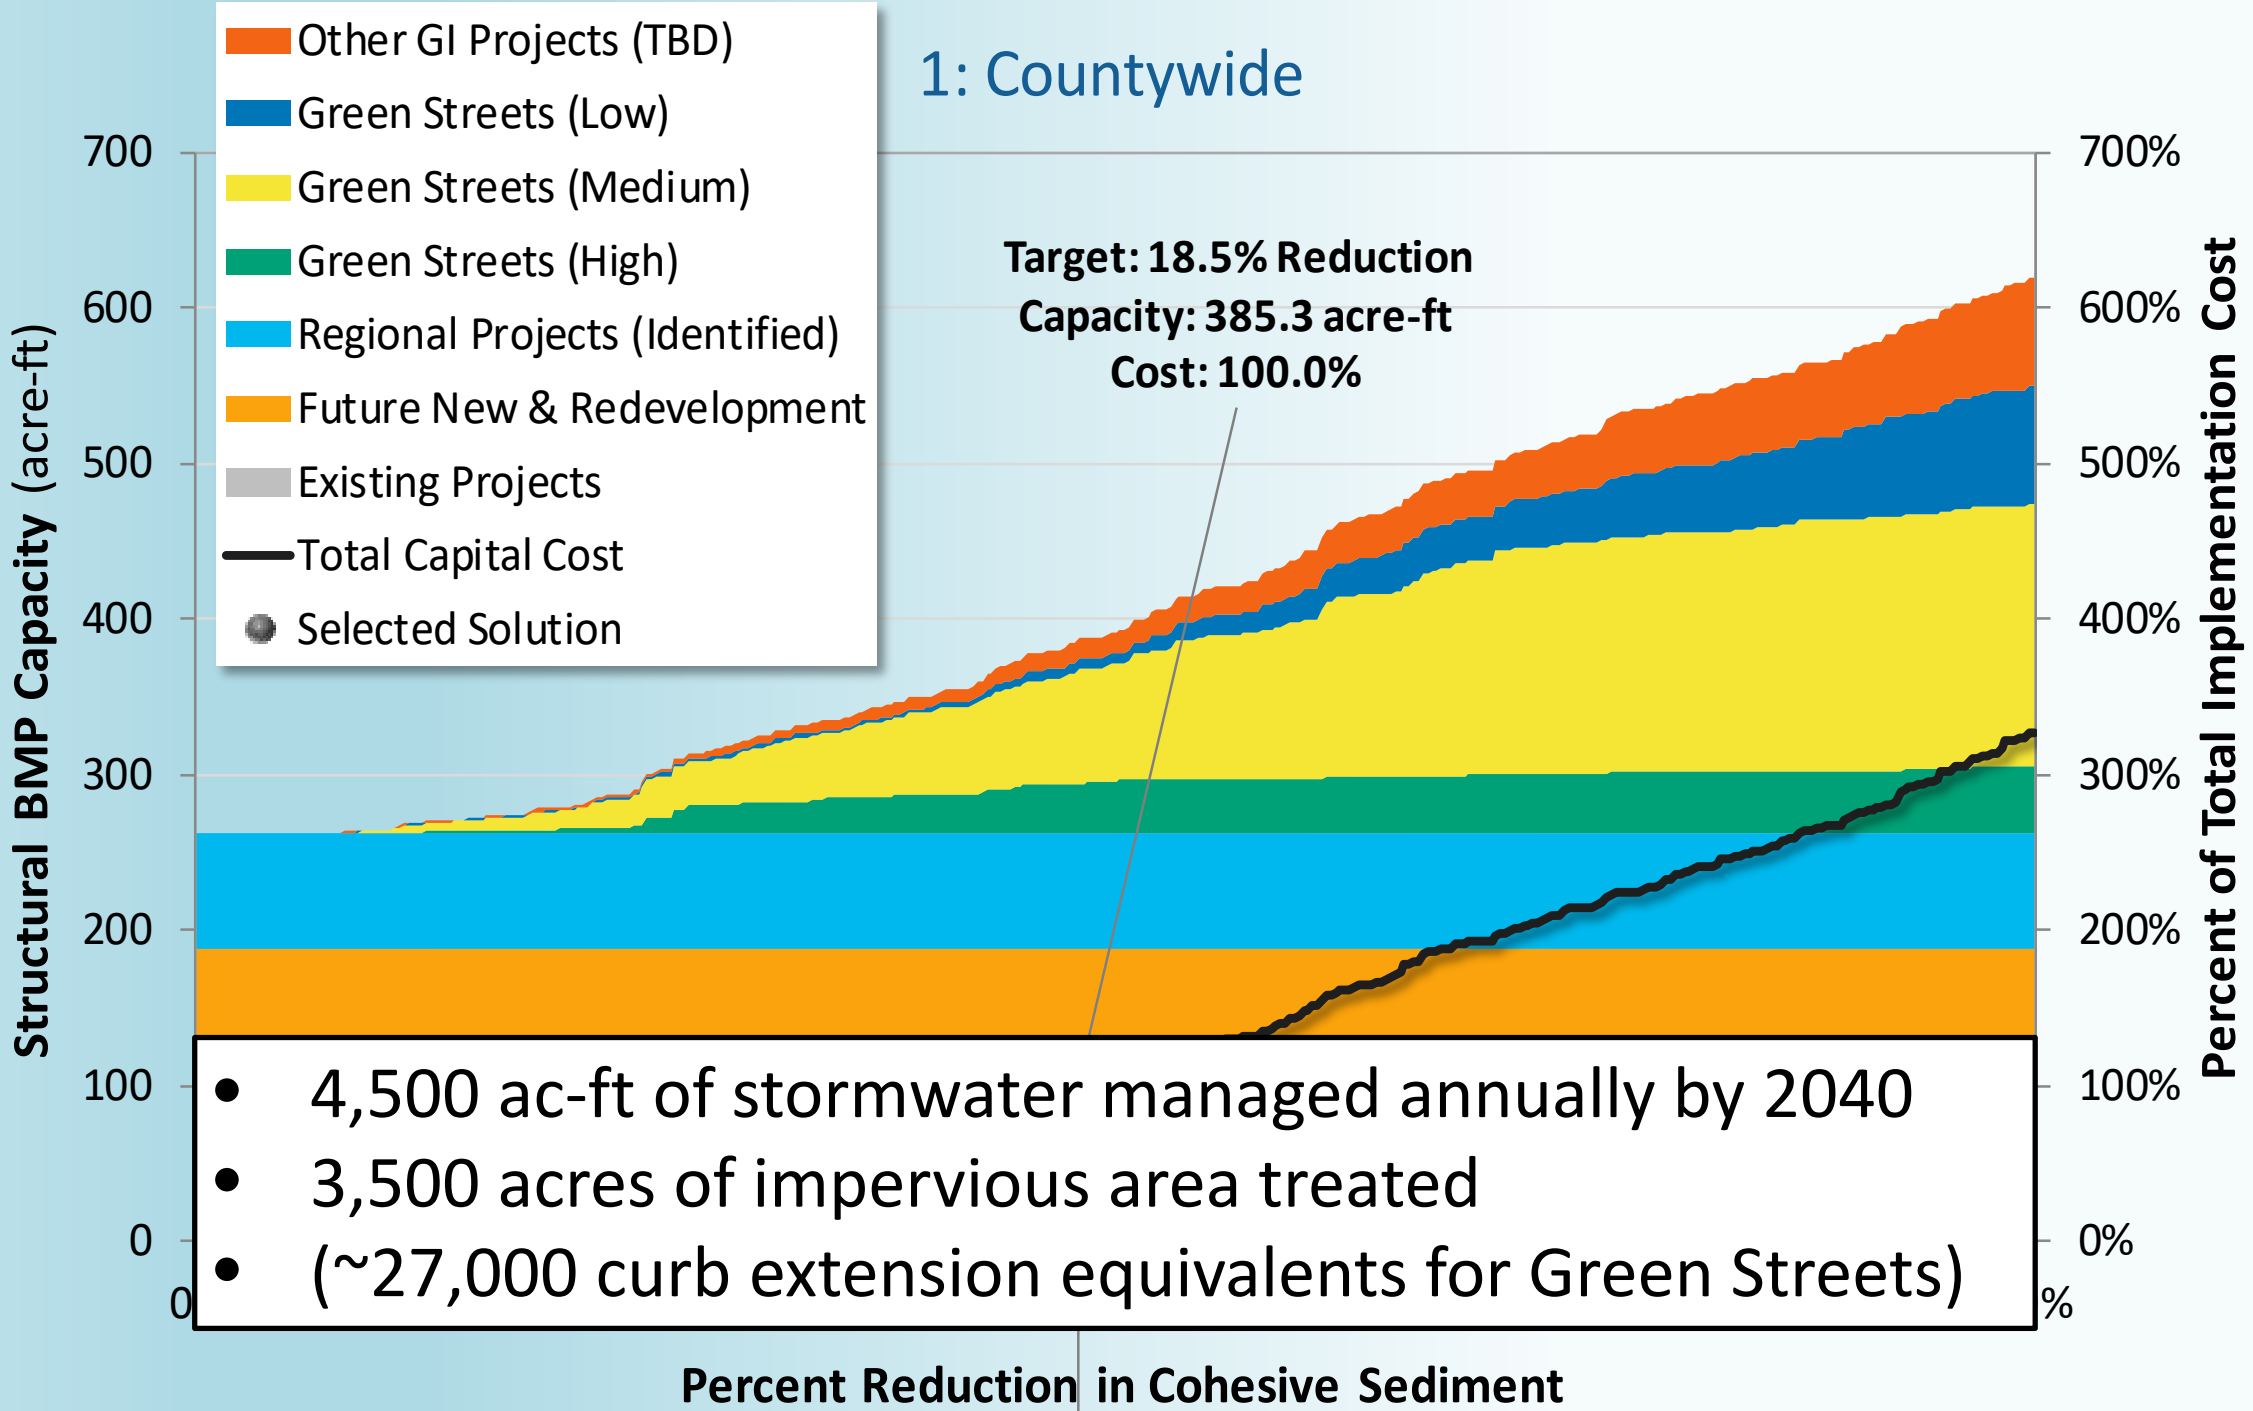

**Green Streets**

**Regional Projects**

# 1: Countywide

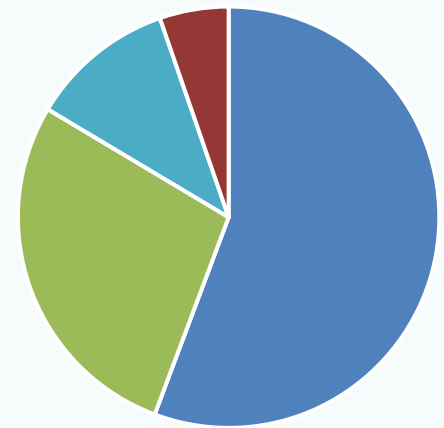

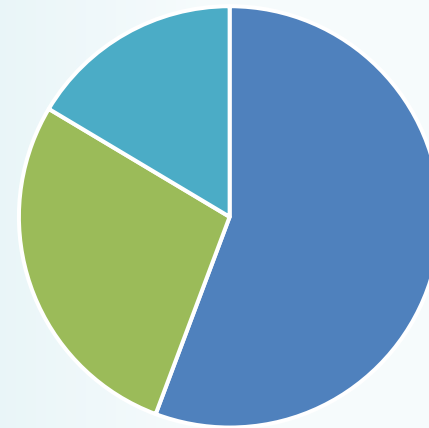

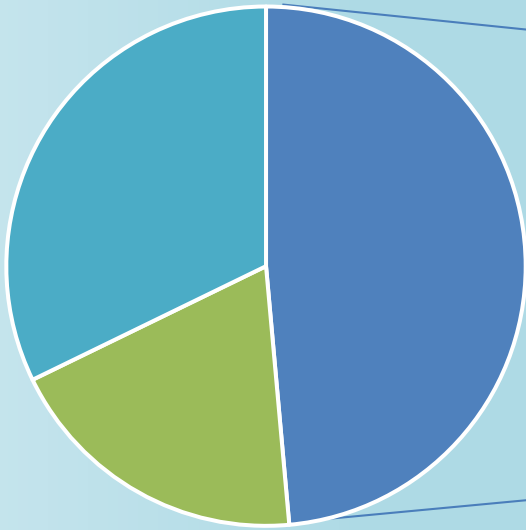

All for One  
(Each Agency does share)

One for All  
(Target efforts countywide)

Flood Agency  
(Builds more regional projects)

More Parcel GI  
(Require more projects do GI)

Green Streets with Parcel GI  
(projects do green streets)

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Public Green Streets
- Privately-Funded Green Streets

# C/CAG Funding

- State budget allocation (\$2.94 M)
  - \$2.74M to Belmont, Redwood City, San Bruno for project design
- \$100K: Create “business case” for collaboration on regional stormwater management
- \$100K: ID regional project opportunities and develop concepts. Leverage \$100K OOS funds.

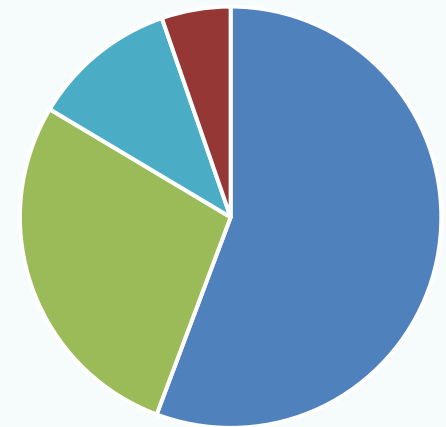

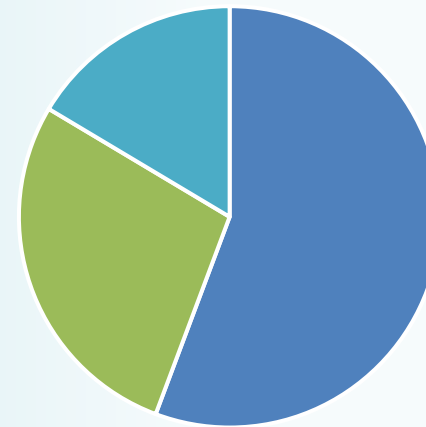

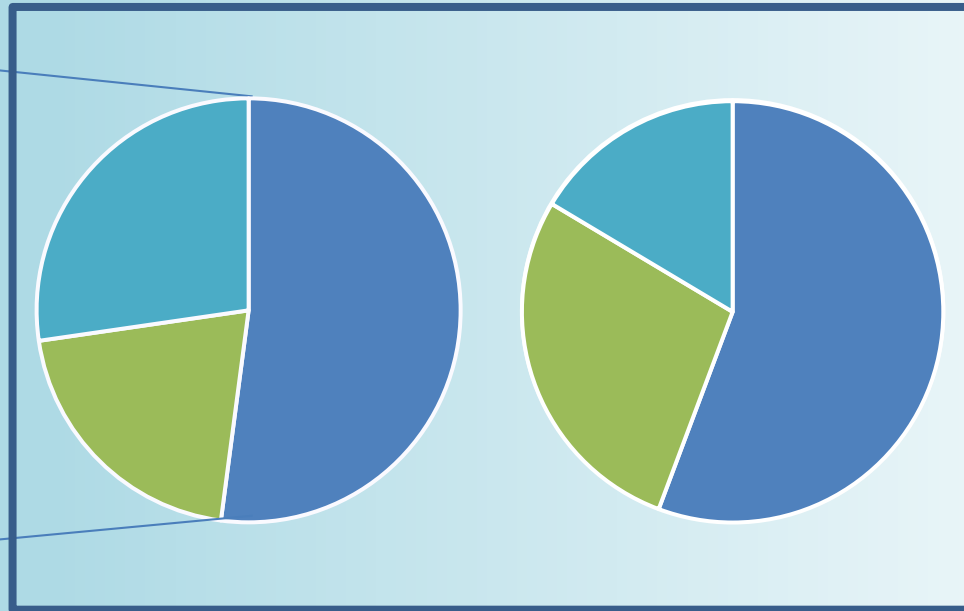

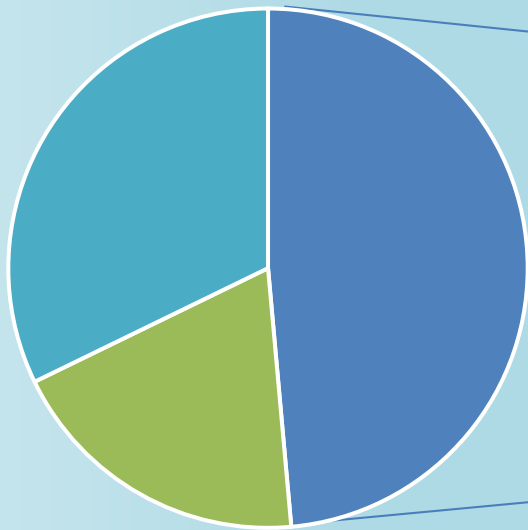

All for One  
(Each Agency does share)

One for All  
(Target efforts countywide)

Flood Agency  
(Builds more regional projects)

More Parcel GI  
(Require more projects do GI)

Green Streets with Parcel GI  
(projects do green streets)

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Public Green Streets
- Privately-Funded Green Streets

# Recommended Scopes of Work

- Geosyntec Consultants (\$110,750)
  - ID Key Drivers/Objectives (e.g., MRP, resiliency, water supply)
  - Develop Business Case (why should we collaborate)
  - Develop Collaborative Framework (how can we collaborate)
- Craftwater Engineering (\$189,250) (\$89,250 for C/CAG)
  - ID and Prioritize Opportunity Sites Based on Drivers/Objectives
  - Quantify Potential Benefits
  - Develop Five Project Concepts

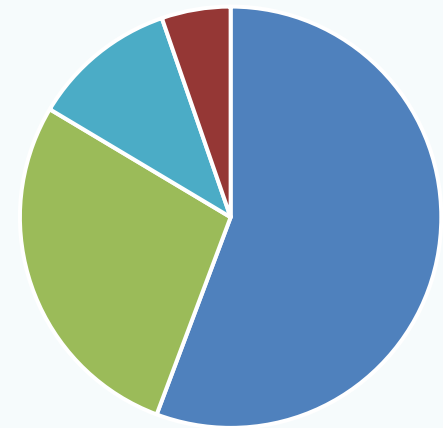

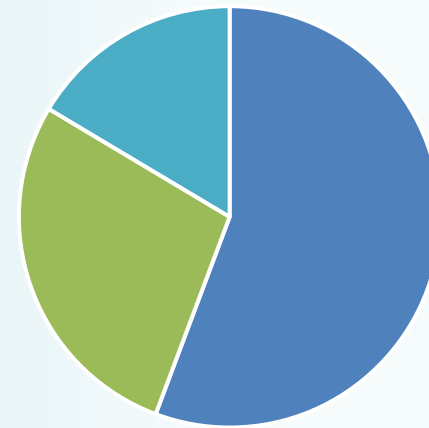

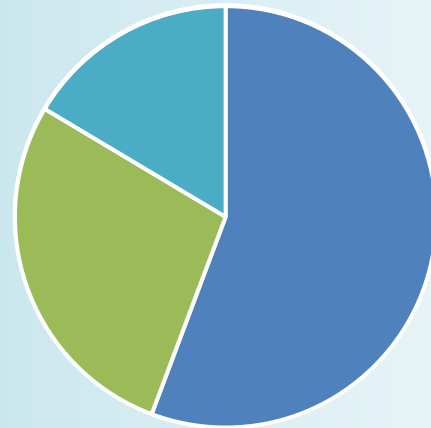

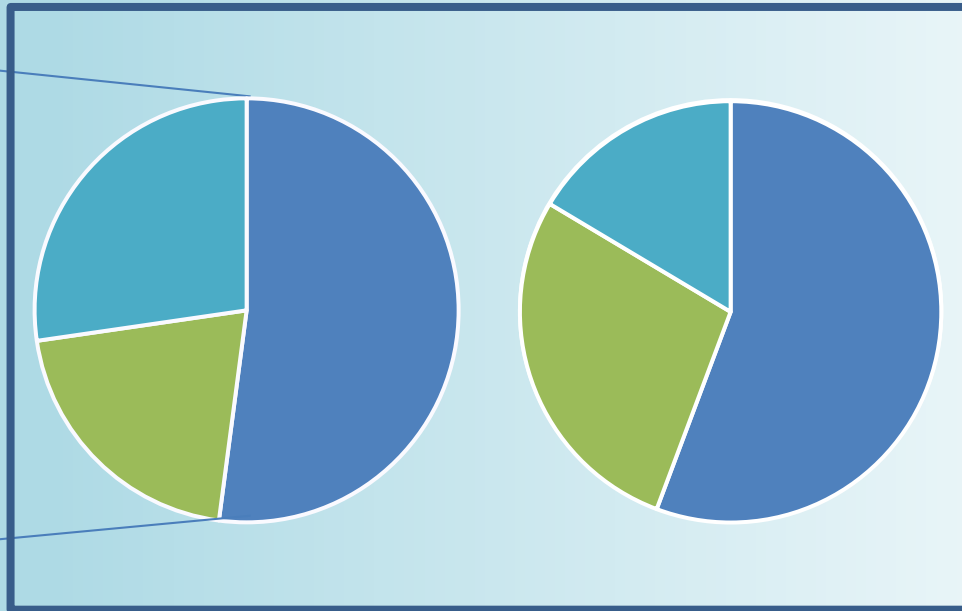

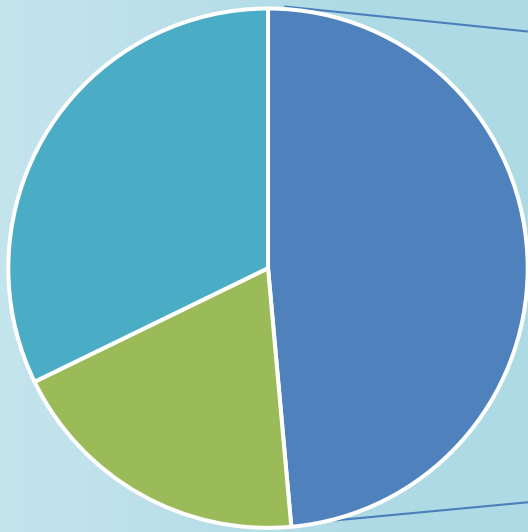

All for One  
(Each Agency does share)

One for All  
(Target efforts countywide)

Flood Agency  
(Builds more regional projects)

More Parcel GI  
(Require more projects do GI)

Green Streets with Parcel GI  
(projects do green streets)

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI
- Regional Projects
- Green Streets

- Parcel GI

- Parcel GI
- Regional Projects
- Public Green Streets
- Privately-Funded Green Streets

# Recommended Scopes of Work

- American Rivers/Corona Environmental (pro-bono)
  - Economics/Feasibility of Credit Trading Marketplace
  - Analyze Incentive Options to Participate in a Market
  - Look at Private and Public Participation Options
- WaterNow Alliance (pro-bono)
  - Summarize Relevant Funding/Financing Options
  - Legal/Financial analysis for C/CAG, FSLRRD, member agencies
  - ID Potential Financial Partners (e.g., FSLRRD, BAWSCA, POTWs)
  - Workshops on Potential Approaches

# Staff Recommendation

- Item 5:
  - Recommend C/CAG Board enter into funding agreements with Geosyntec Consultants (not to exceed \$110,750) and Craftwater Engineering (not to exceed \$89,250)
- Item 6:
  - Recommend C/CAG Board enter into agreements for pro-bono services with American Rivers/Corona Environmental and WaterNow Alliance
