

Municipal Regional Stormwater Permit 3.0 Adoption Hearing

C/CAG Board of Directors Meeting – June 9, 2022

- 01. Background on MRP 3.0
- 02. MRP 3.0 Hearing Outcomes
- 03. Next steps

Background on MRP 3.0

MRP 3.0 is third iteration of the Municipal Regional Stormwater Permit and coincides with the 30th year anniversary of the San Mateo Countywide Water Pollution Prevention Program

Significantly increased stormwater requirements

- GI retrofit numeric targets
- C.3 thresholds and road requirements
- New monitoring requirements
- Trash controls and monitoring
- Unsheltered homeless populations
- PCBs controls
- Cost reporting
- Asset management
- Additions to "core" provisions (e.g., MS4 mapping & numerous new reporting requirements)

California Regional Water Quality Control Board
San Francisco Bay Region
Municipal Regional Stormwater NPDES Permit

Order No. R2-2022-0018
NPDES Permit No. CAS612008
May 11, 2022

MRP 3.0 Adoption Hearing Outcomes

Essentially, a lot accomplished through reissuance process, not a lot accomplished at the adoption hearing in terms of requested changes

Core issues addressed at the hearing

New and Redevelopment

- Road maintenance and reconstruction
- Category C “Special Projects” Affordable Housing
- Green infrastructure retrofit targets

Monitoring

- Overall level of effort and practicality

Trash

- Timing and tools (source controls/offsets)

PCBs/Mercury Controls

- Acreage/load reduction requirements
- Applicable tools

Next Steps

July 1, 2022

New permit becomes effective

FY21/22 and Early FY22/23

C/CAG Technical Support Solicitation

Trainings for new requirements

New guidance materials

Fall 2022

Annual Reports for FY21-22

New work under MRP 3.0 in earnest

Formation of new work groups

August 2023

Progress report to Regional Water Board

Any Questions?
