Sean Charpentier, Executive Director, C/CAG
scharpentier@smcgov.org

Mr. Charpentier,

I am sorry I'm unable to join you tonight, as I am speaking at and hosting an event for SSMC. When I saw that Tom Kabat had also applied for the commission role, I felt reassured that, no matter who you appoint, environmental organizations will be well represented. (Tom was an SSMC sustainability award winner in 2023.) Though both of us are eager to serve, I feel that SSMC's long-standing history of collaboration with city and county leaders, in both the government and community organization realms, is a strong reason to appoint me to the role. Additionally, SSMC's connections with a broad range of equity and economic development organizations helps me approach C/CAG RMCP Committee discussions and decisions from an integrative perspective.

Sincerely,

Sarah Hubbard, SSMC Executive Director
