

## ONEWATERSHED PROJECT TAC CHARTER

### Purpose:

The Technical Advisory Committee (TAC) will provide technical input on the OneWatershed Framework approach developed through the Project. The TAC will provide comments during three TAC meetings and will provide review of draft documents developed by the Consultant Team.

### Responsibilities:

The TAC is responsible to participate in the TAC between March 2024 and approximately December 2025, completing the following:

1. Respond to scheduling requests for TAC meetings.
2. Attend three TAC meetings:
  - a. Kick-Off: March 20, 2024
  - b. Data Inventory and OneWatershed Framework Development: May 2024
  - c. OneWatershed Framework Report and OneWatershed Dashboard: Nov 2024
3. Review and provide comments on technical materials provided by the Consultant Team:
  - a. Fact Sheet and Work Plan (Mar 2024)
  - b. Data List (with accompanying Online GIS Map Viewer) (May 2024)
  - c. OneWatershed Framework Approach Memo (June 2024)
  - d. OneWatershed Framework Report (Nov 2024)
  - e. OneWatershed Dashboard (Nov 2024)
  - f. San Bruno Creek OneWatershed Climate Resilience Plan (Oct 2025)
  - g. San Bruno Creek OneWatershed Pilot Project Concept Design (Oct 2025)

Review comments provided from the TAC should reflect individual TAC members' technical areas of expertise and/or specific technical knowledge about the communities they represent or work in, considering overall OneWatershed Project goals.
