Redwood City, CA 94063

Subject: Letter of Support for Bay Wheels Bikeshare Program in Daly City

Dear Executive Director Charpentier:

I am in full support of expanding and operating the Bay Wheels Bikeshare Program in the City of Daly City. The Bay Wheels Bikeshare program that launched at Daly City BART on May 1, 2024 was a springboard for more locations in San Mateo County, and the City of Daly City is a proponent for greener modes of transportation. Providing a bikeshare program is a necessity in a densely populated City, as it will encourage alternative transportation options and support the City's goal to reduce its carbon footprint.

The proposal to add up to 80 bikes and 8-12 stations will further complement the existing bikeshare station at Daly City BART and allow greater accessibility to the Daly City community at large. Having been identified as a City in an equity priority community with limited access to vehicles and high reliance on transit, residents—not only in Daly City, but also in Broadmoor and Colma—will benefit tremendously from this new offering.

I want to thank C/CAG and MTC for their leadership and advocacy.

Sincerely,

Juslyn C. Manalo
Mayor of Daly City
