Dear Adam & Sean,

I am writing to endorse Mike Swire's application to C/CAG's CMEQ as representative of the Environmental Community OR as Public Representative.

Mike has been one of the most passionate, informed, and active advocates in San Mateo County on environmental issues, especially those relating to transportation. I have discussed transportation, congestion management, and the environment with Mike on several occasions and appreciate his regular and thoughtful contributions to the C/CAG Board and CMEQ meetings.

Thank you for your consideration of Mike's application and for all your hard work on C/CAG.

Warmly,  
Christine

Christine Krolik  
Mayor, Town of Hillsborough  
Member, C/CAG Board of Directors

---

Dear Sean,

We are writing to endorse Mike Swire's application to C/CAG's CMEQ, to be the representative of the Environmental Community, or the Public Representative. Mike would be an excellent choice in either role.

In working with Mike, we have found him to be a passionate, well informed, and active advocate for San Mateo County transportation programs and related environmental issues,

He shows up, does his homework, and makes significant contributions. Mike is an important member of the San Mateo Climate Action Team (SMCAT), one who is highly devoted to resolving transportation, climate, and air pollution issues.

Thank you for your consideration of Mike's application and we hope to work with you and him, going forward on issues before CMEQ and the C/CAG Board.

Sincerely,

Robert Whitehair and Michelle Hudson  
Co-Leads, San Mateo Climate Action Team  
*SMCAT is volunteer-based organization focused on promoting local solutions to the climate crisis within our community.*

*Acknowledgement: We reside on the unceded lands of our indigenous ancestors, while benefiting from racial privilege. We begin making reparations by accepting only a kinship view of our place on the planet: All life is interconnected, interdependent, and interrelated.*
