

# San Mateo Countywide Transportation Plan Update

---

A JOINT EFFORT LED BY:

# Agenda

- 01 Purpose of CTP Update**
- 02 How We Move in San Mateo County**
- 03 Looking Ahead to 2050**
- 04 Next Steps**

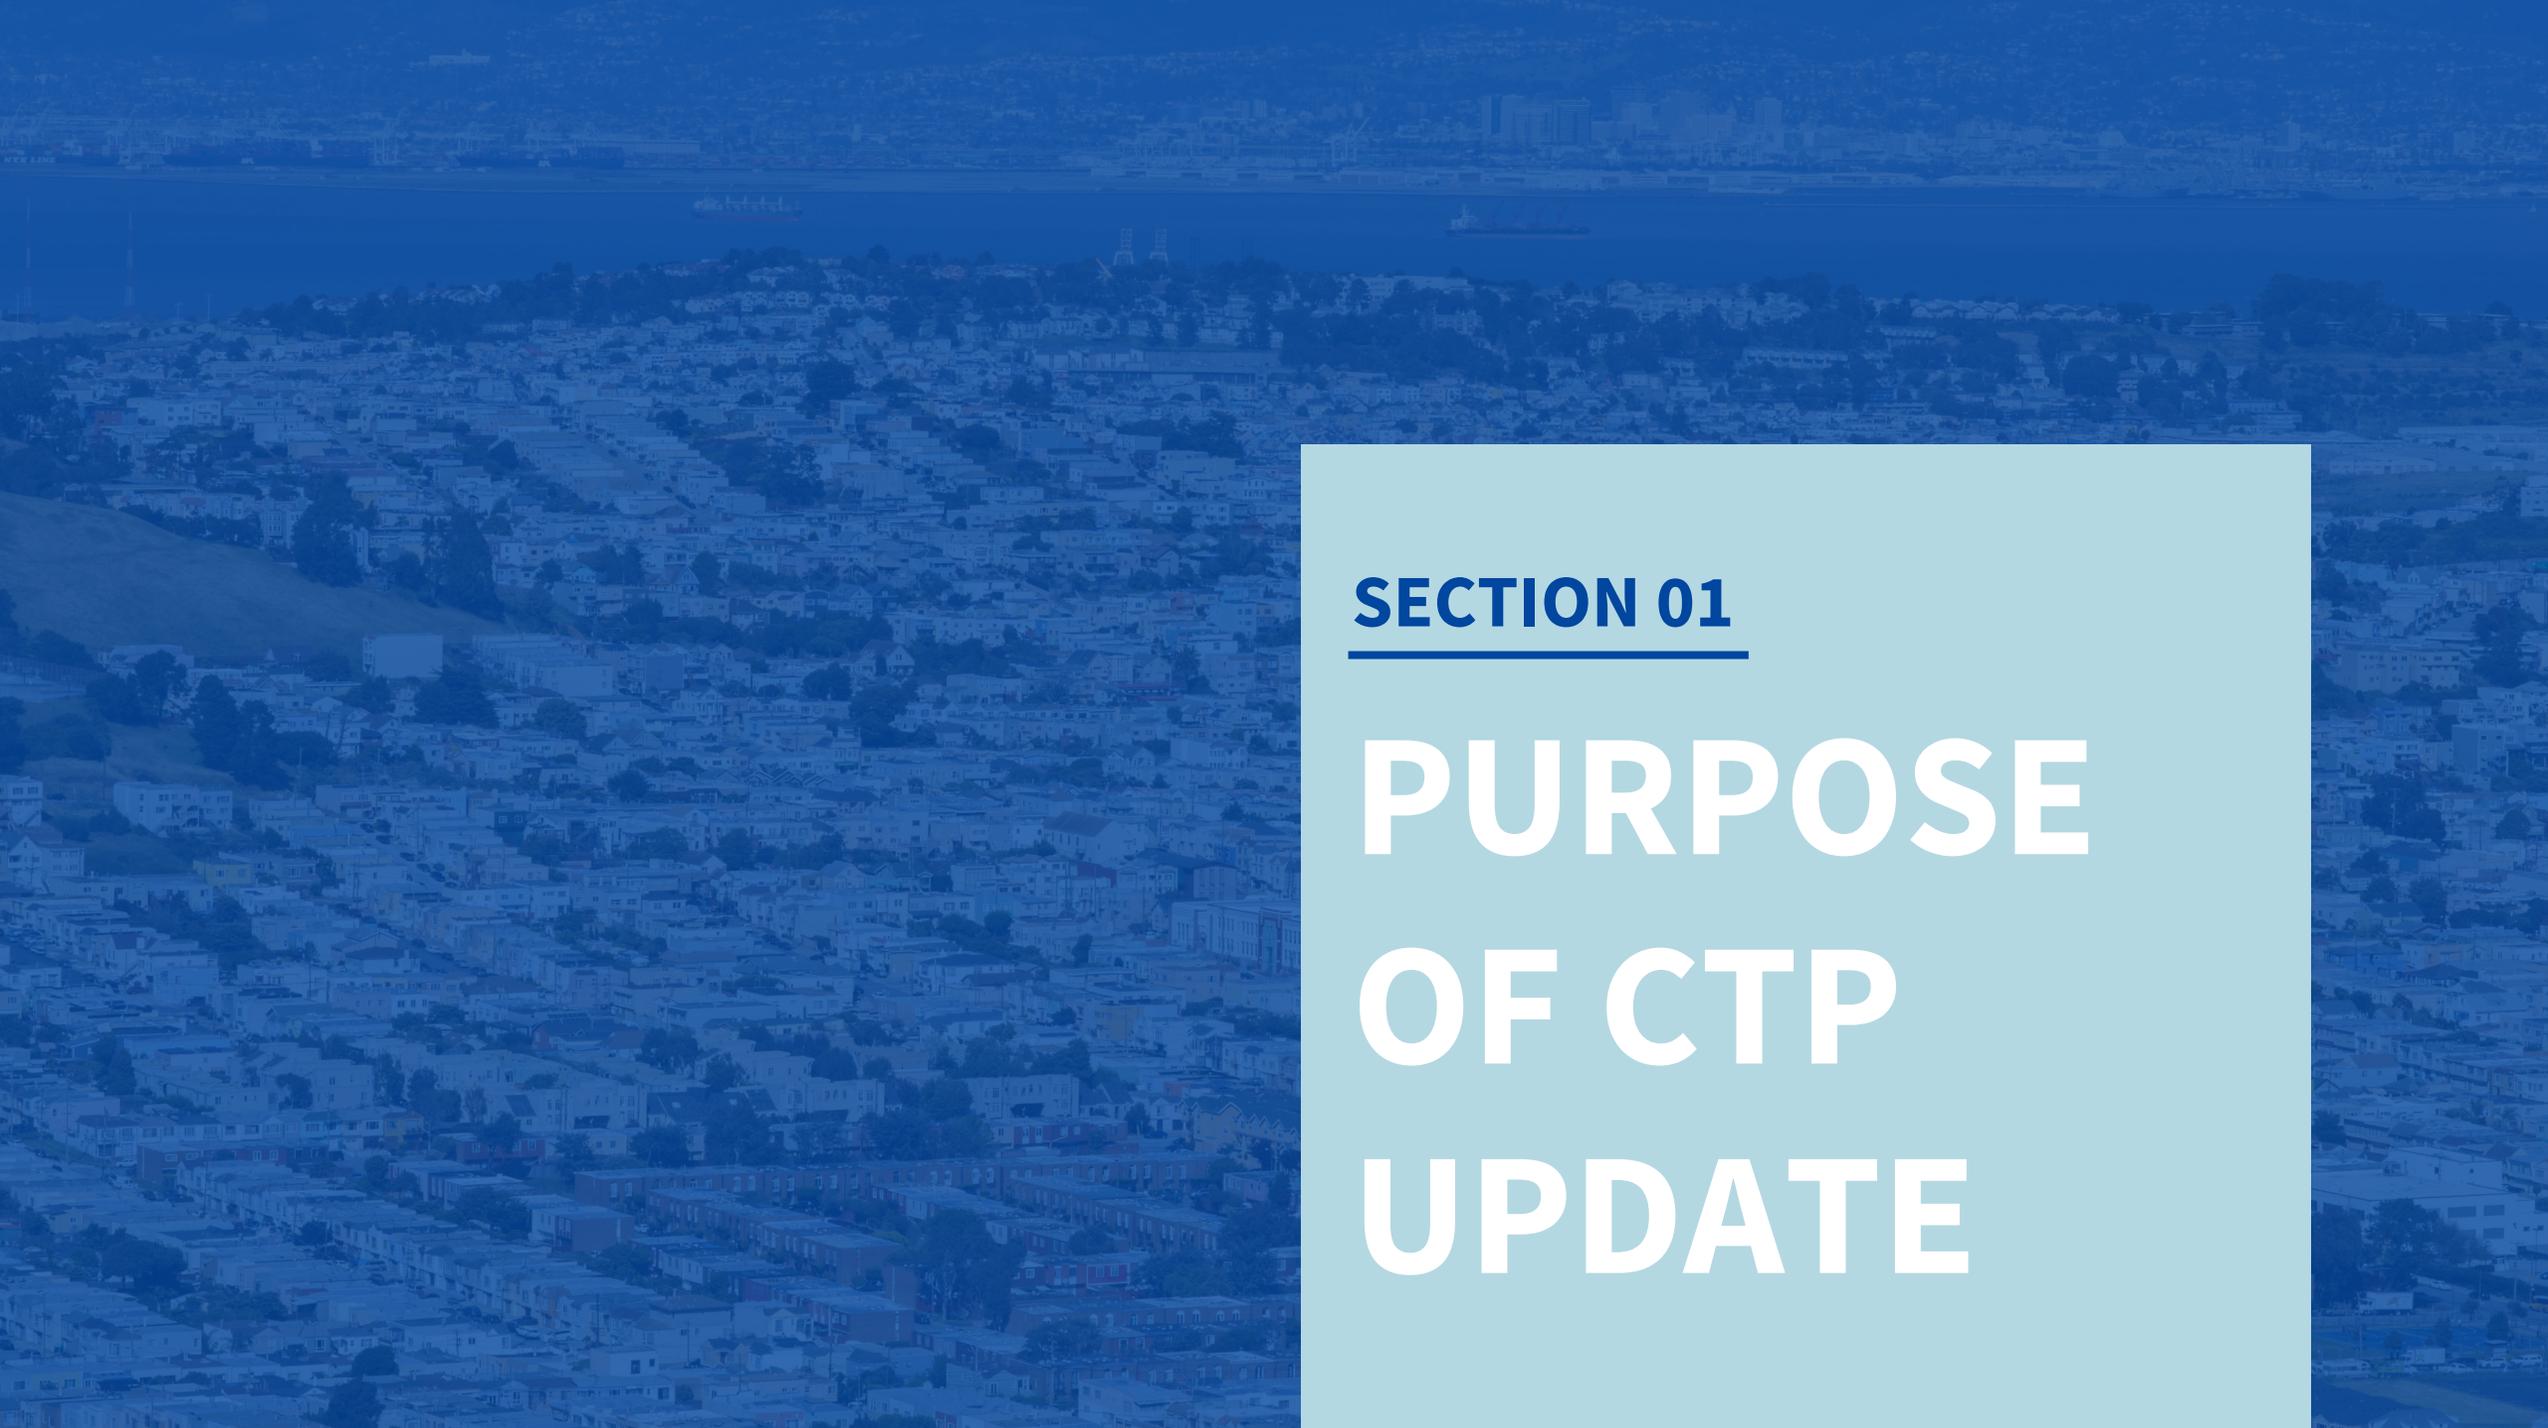

# Countywide Transportation Plan Collaboration

C/CAG provides a collaborative forum for all jurisdictions in San Mateo County to pursue our goals for a safe, equitable, and accessible multi-modal transportation network and an environmentally sustainable, climate resilient future.

SMCTA manages Measure A and Measure W local sales tax revenues to help fund, plan, provide technical assistance, and deliver transportation projects across San Mateo County.

An aerial photograph of a densely populated city, likely San Francisco, with a blue color overlay. The city is built on a hillside, and a body of water is visible in the background. The text is overlaid on the right side of the image.

**SECTION 01**

**PURPOSE  
OF CTP  
UPDATE**

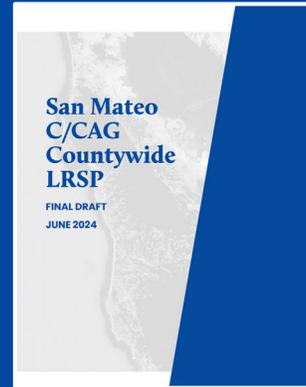

# What is a CTP?

The **Countywide Transportation Plan (CTP)** creates a vision for the future of transportation in San Mateo County, **sets priorities**, and **guides decision-making** at C/CAG and SMCTA as they plan, fund, and help deliver **local and regional** transportation improvements.

# CTP is an Umbrella for Many More Detailed Plans

Congestion Monitoring

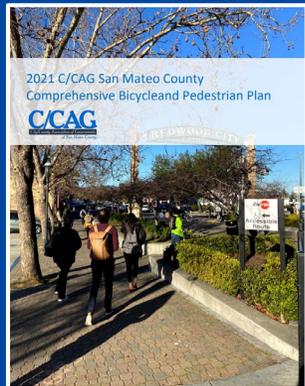

Road Safety

Greenhouse Gas Mitigation

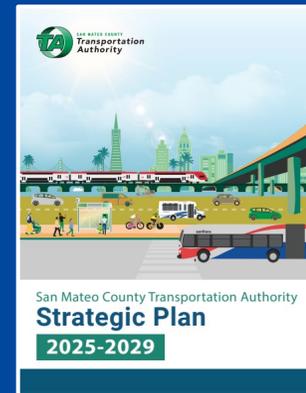

Bus Service

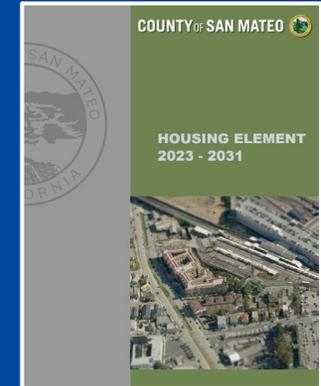

Active Transportation

Rail Service

Agency Strategy

Housing

# CTP Process

*Engagement Touchpoints in CTP Process*

# Key Outcomes for this CTP Update

## Practical Plan for the County

Present the CTP update in a highly usable format to make planning easier for our city, town, county, community organization, and agency partners.

## Anticipate Changes

Identify pilot programs to adapt to changing policies, technologies, and travel patterns.

## Strategize Funding

Position San Mateo County to leverage funding at the local, regional, state, and federal level.

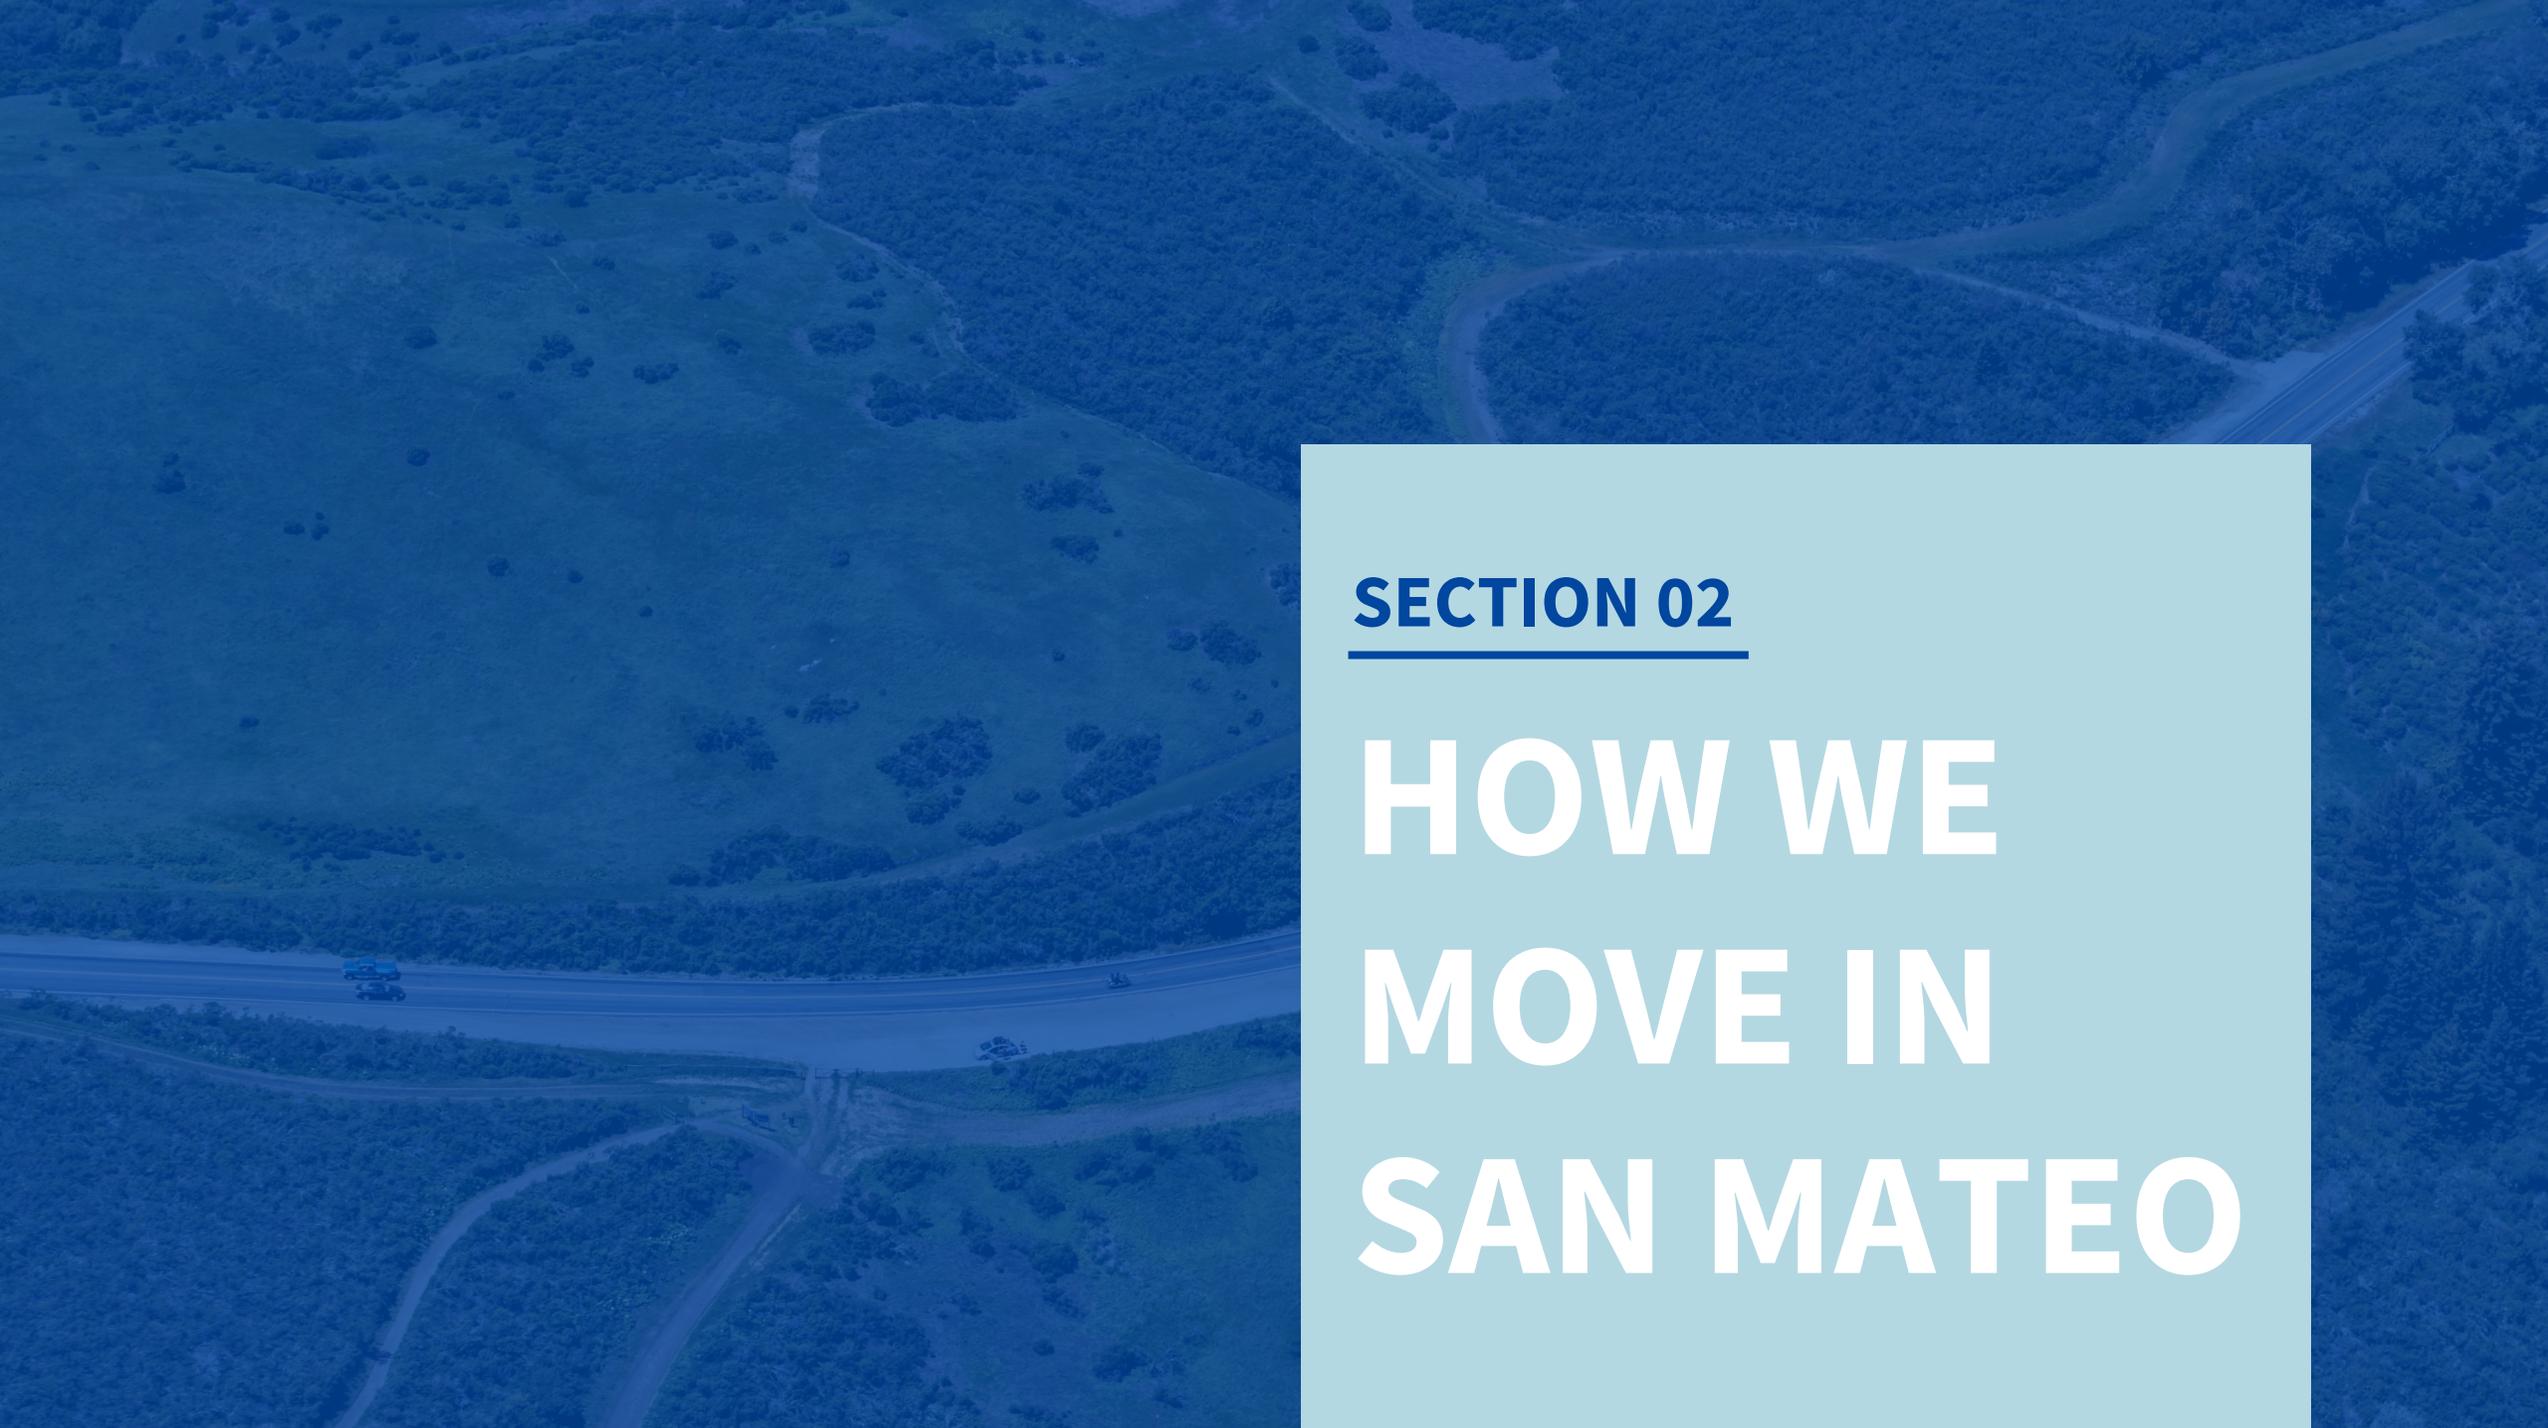

## Advance Equity

Establish a shared definition of equity among county agencies and set expectations for how it will be used in funding decisions.

## Measure Progress

Select a short list of metrics to gauge the "health" of our transportation system and measure and report progress transparently.

**SECTION 02**

**HOW WE  
MOVE IN  
SAN MATEO**

# Learning from Recent Studies

**Plan Bay Area 2050+ (2021)**

**Reimagine SamTrans (2021)**

**San Mateo County Comprehensive Bicycle and Pedestrian Plan (2021)**

**Caltrain Triennial Customer Survey (2022)**

**SamTrans Bus Stop Improvement Plan (2022)**

**Southeast San Mateo County CBTP (2023)**

**Daly City CBTP (2023)**

**C/CAG San Mateo County Equity Framework Report (2023)**

**Regional Transit Connections Plan (2024)**

**Shuttle Survey (2024)**

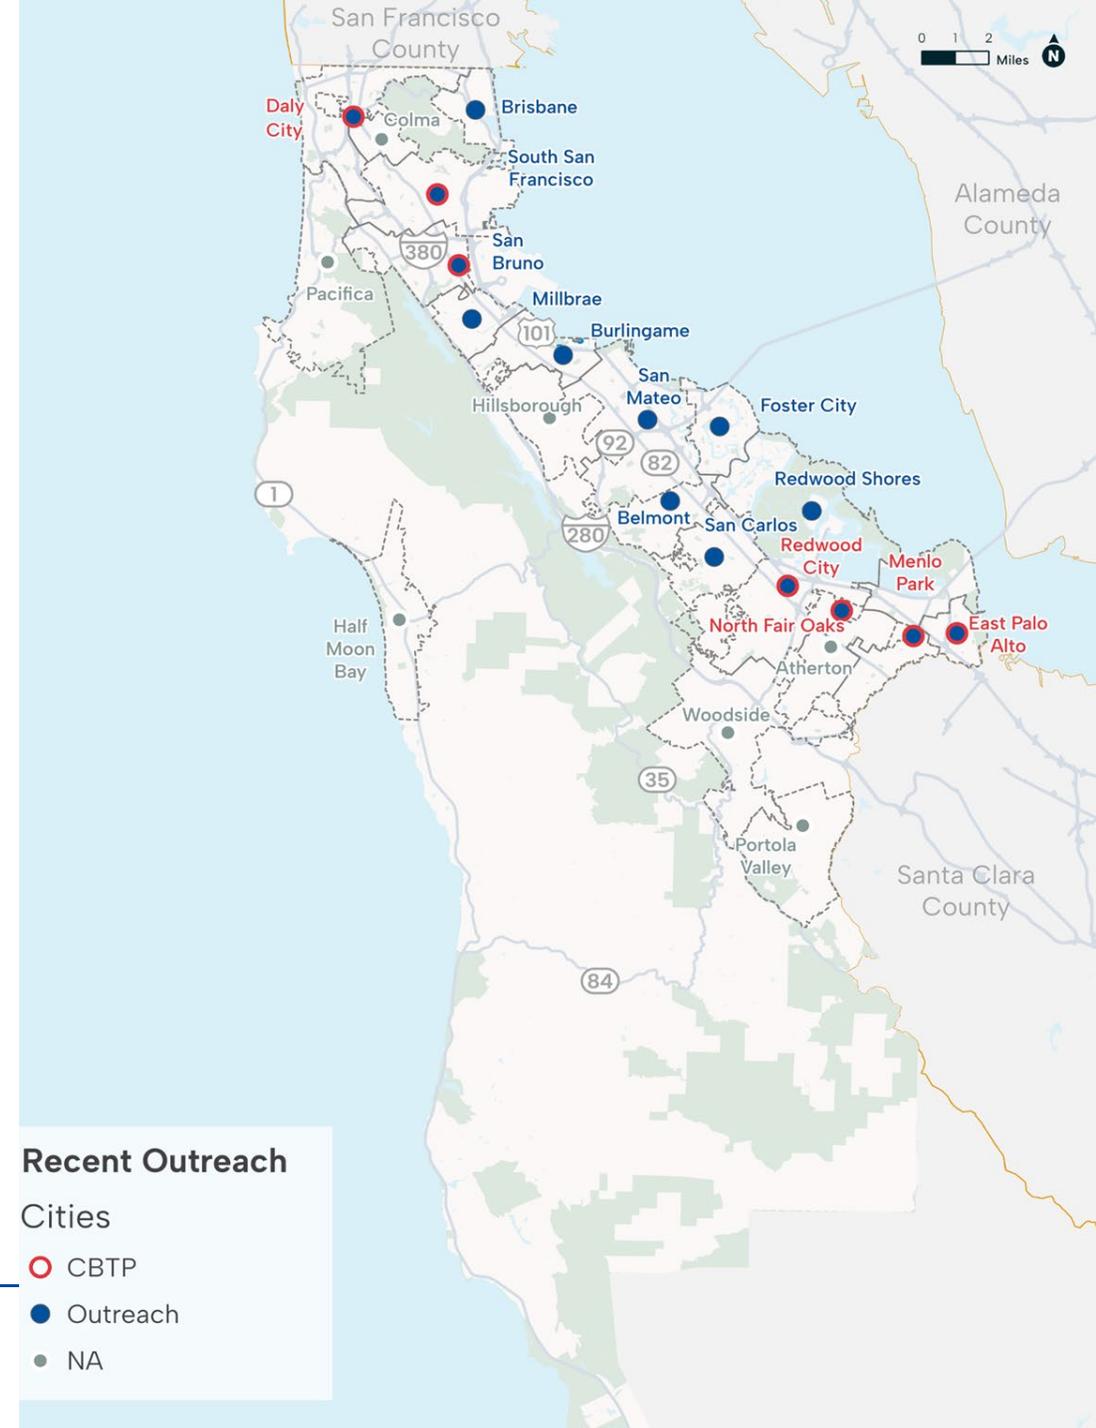

**North County Multimodal Strategy (2024)**

**Mid County Multimodal Strategy (2025)**

**South County Multimodal Strategy (2025)**

**Get There Together: Midcoastside TDM Plan (2025)**

**South San Francisco & San Bruno CBTP (Ongoing)**

# How We Engaged Recently

## Methods

- Online surveys and employer-distributed surveys
- In-person events
- Targeted advertising on social media and transit stops
- Advocacy, Business, and CBO Meetings

## Languages

Materials provided in English, Spanish, Cantonese, Mandarin, Japanese, Korean, and Vietnamese

## Reach

Over 30,000 county residents engaged online and in-person in recent years

# What We're Seeing – Commuting

## Commute Modes\*

-  70.2% drive alone
-  8.5% carpool
-  3.5% transit
-  2.4% walk
-  0.4% bike

\*Most workers can *work at home* at least 2 days/week

## Journey to Work

**27.3 Minutes** = average time

**20 Miles** = average distance

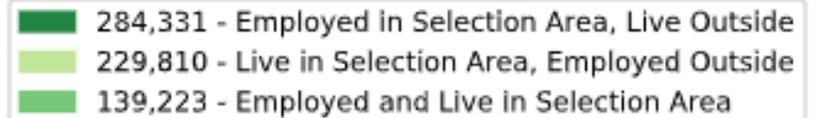

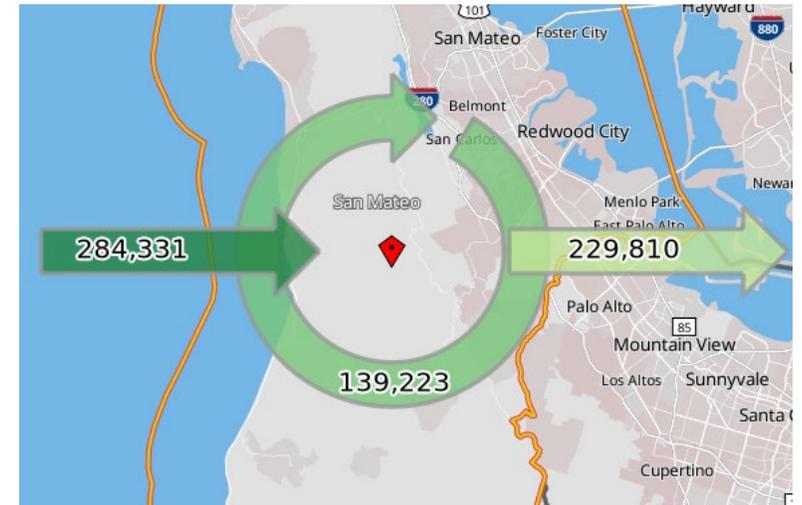

## Trips Between Counties

- 62% - Work
- 9% - Social
- 8% - Entertainment

## Work Travel

About **2/3** of employees are entering from another county

About **2/3** of residents are exiting to another county

LEHD On the Map, US Census Bureau

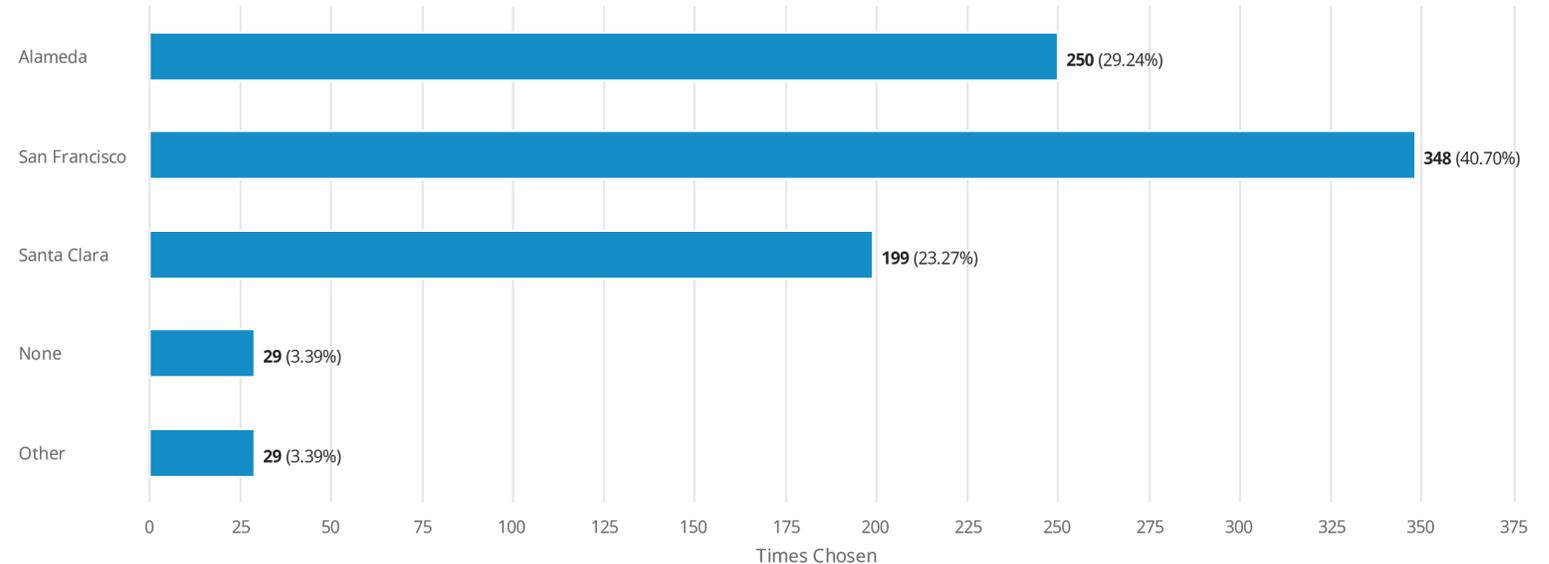

# What We're Hearing – Regional Connections

## Current inter-county mode > preferred mode if conditions improved

- 38 > 63% train
- 17 > 35% bus
- 12 > 24% ferry
- 61 > 19% drive alone
- 11 > 18% bike, walk, roll
- 5 > 10% employer shuttle

## Which county would you like to be prioritized for improving travel connections with San Mateo County?

Number of responses: 855

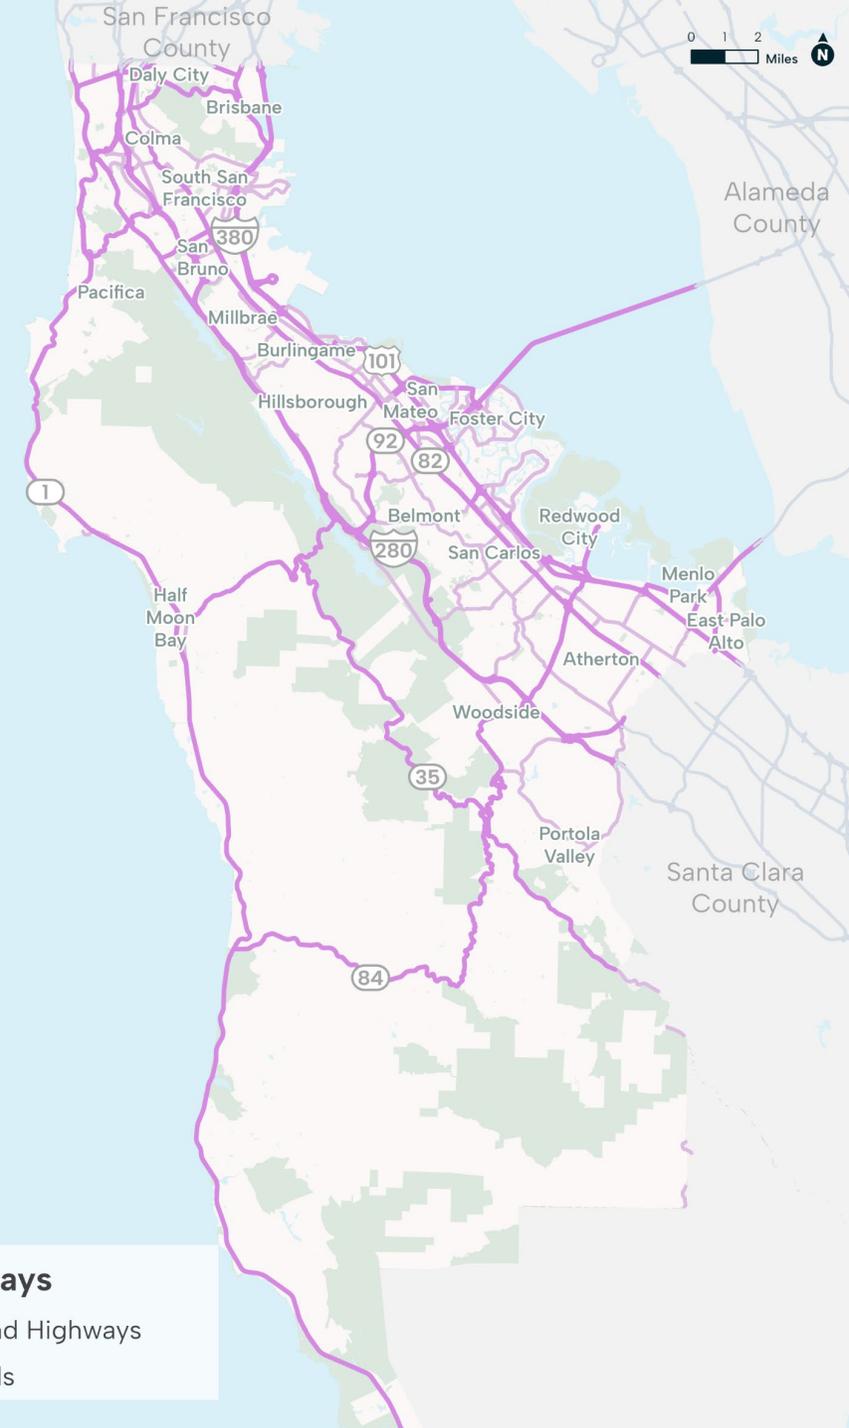

# Roadway Network

## EXISTING CONDITIONS

- Anchored by US 101 and I-280, along with other key connectors like SR-92, SR-1, SR-35, and SR-84
- Grid like roadway network serves denser bay-side cities, with winding roads in coastal and hillside communities
- Warehousing and light industrial uses are concentrated along the Bayshore anchored by SFO and the Port of Redwood City
- US 101 is the primary freight corridor with support from other regional routes like El Camino Real

### Major Roadways

- Interstates and Highways
- Major Arterials

# What We're Hearing – Roadways

## Roadway Concerns

**Traffic Congestion** was the top transportation concern in **North and South County**

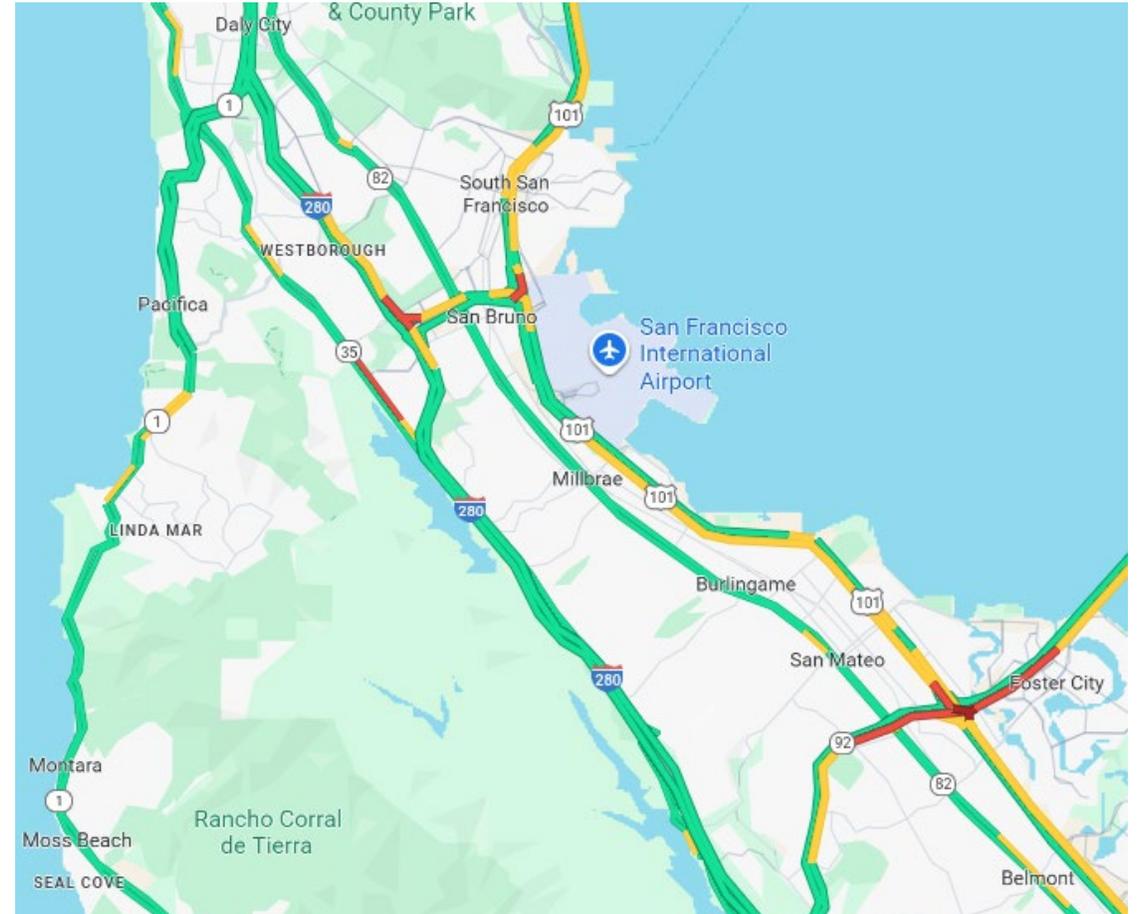

**Weekend congestion and emergency access** are concerns on the **Coastside**

Specific locations for improvement include:

- El Camino Real
- SR-1
- East Hillsdale Boulevard
- Holly Street
- 101/92 Junction
- Old County Road
- Willow Road
- University Avenue

## Driving Feels...

- Useful and mostly reliable
- Unsafe (speeding and driver distractions)
- Expensive

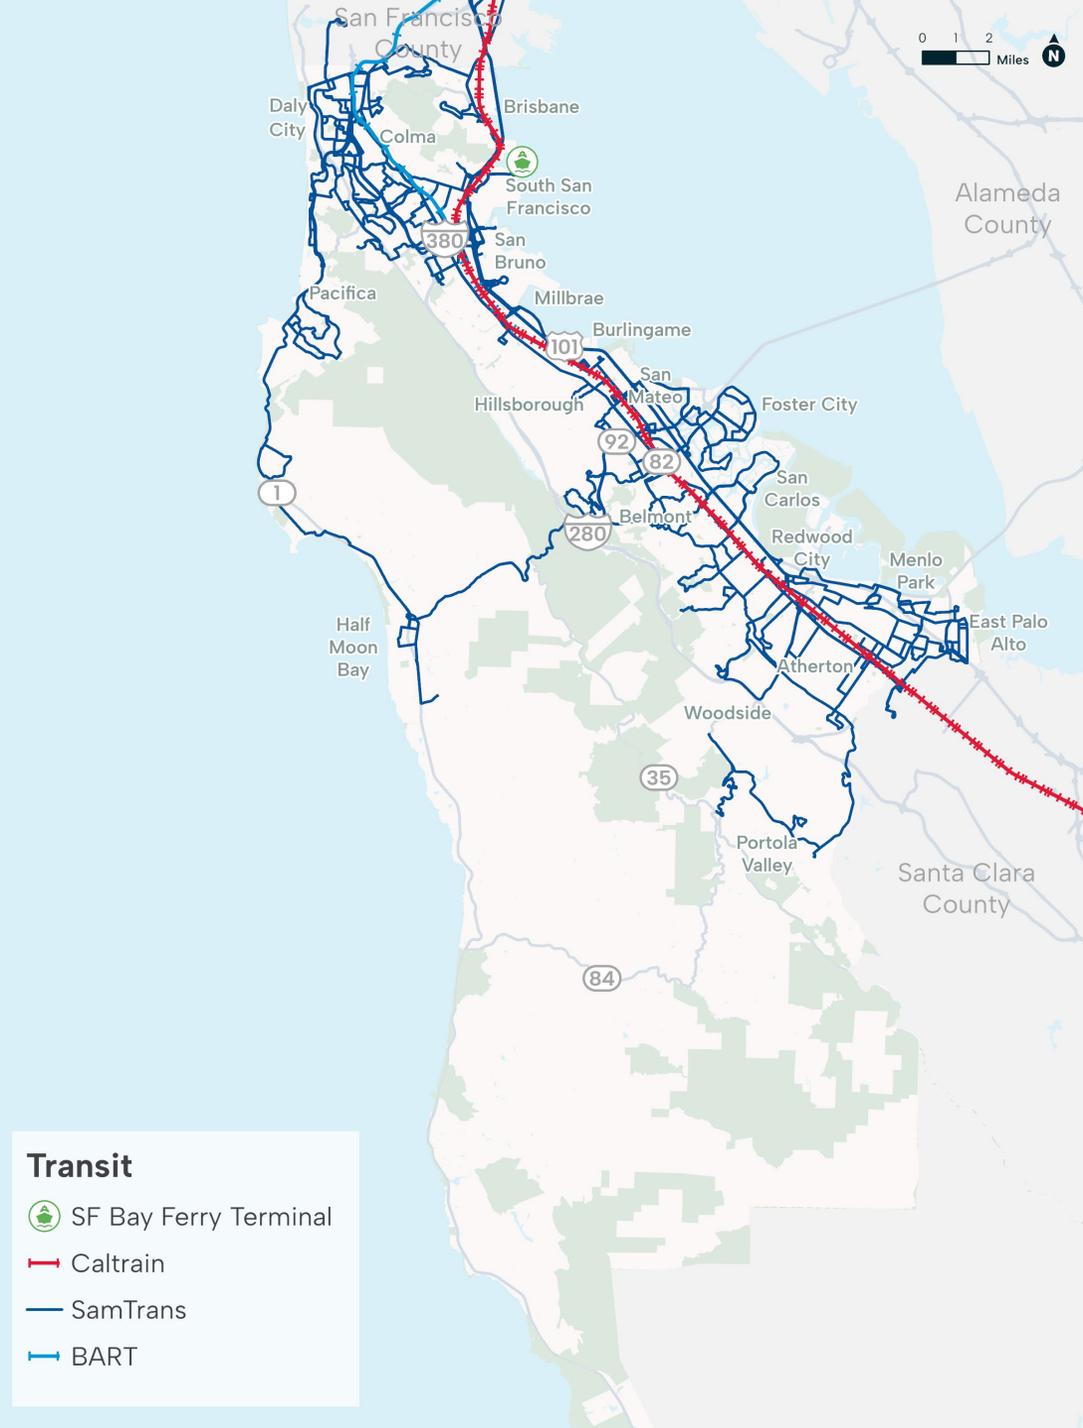

Sources: Google Maps, Typical Traffic, 2025

# Transit Network

## EXISTING CONDITIONS

- Primary transit service providers are Caltrain, SamTrans, WETA, and BART
- Major rail service provided along the bay-side
- Bus service is countywide including local, regional, express, and paratransit service
- Shuttles are provided by cities and employers from transit stations to employment hubs

# What We're Seeing – Rail

## Rail Patterns

- Busiest 5 stations:
  - Redwood City (Caltrain)
  - Millbrae (BART + Caltrain)
  - Hillsdale (Caltrain)
  - Daly City (BART)
  - Colma (BART)

Mode by Caltrain Origin Station	Walk	Bicycle	Transit	Drive
Bayshore	36%	21%	29%	14%
South San Francisco	24%	24%	12%	41%
San Bruno	27%	27%	0%	40%
Millbrae	22%	16%	47%	11%
Burlingame	52%	35%	4%	9%
San Mateo	66%	17%	5%	10%
Hayward Park	56%	31%	0%	13%
Hillsdale	41%	27%	16%	16%
Belmont	25%	35%	0%	30%
San Carlos	48%	21%	3%	28%
Redwood City	37%	31%	13%	17%
Menlo Park	22%	39%	6%	33%

Caltrain Electrification Survey (2023)

## Ridership

- BART – 3 million annual boardings in SMC (2024)
- Caltrain – 2.3 million annual boardings in SMC (2024)
- BART and Caltrain ridership continues to climb but is still **50-70%** of pre-pandemic value

## Transit Access

- North County: Most people drive or take local transit to regional transit
- Mid/South County: Most people walk to regional transit

# What We're Seeing – Bus and Shuttle

## Network Stats (2025)

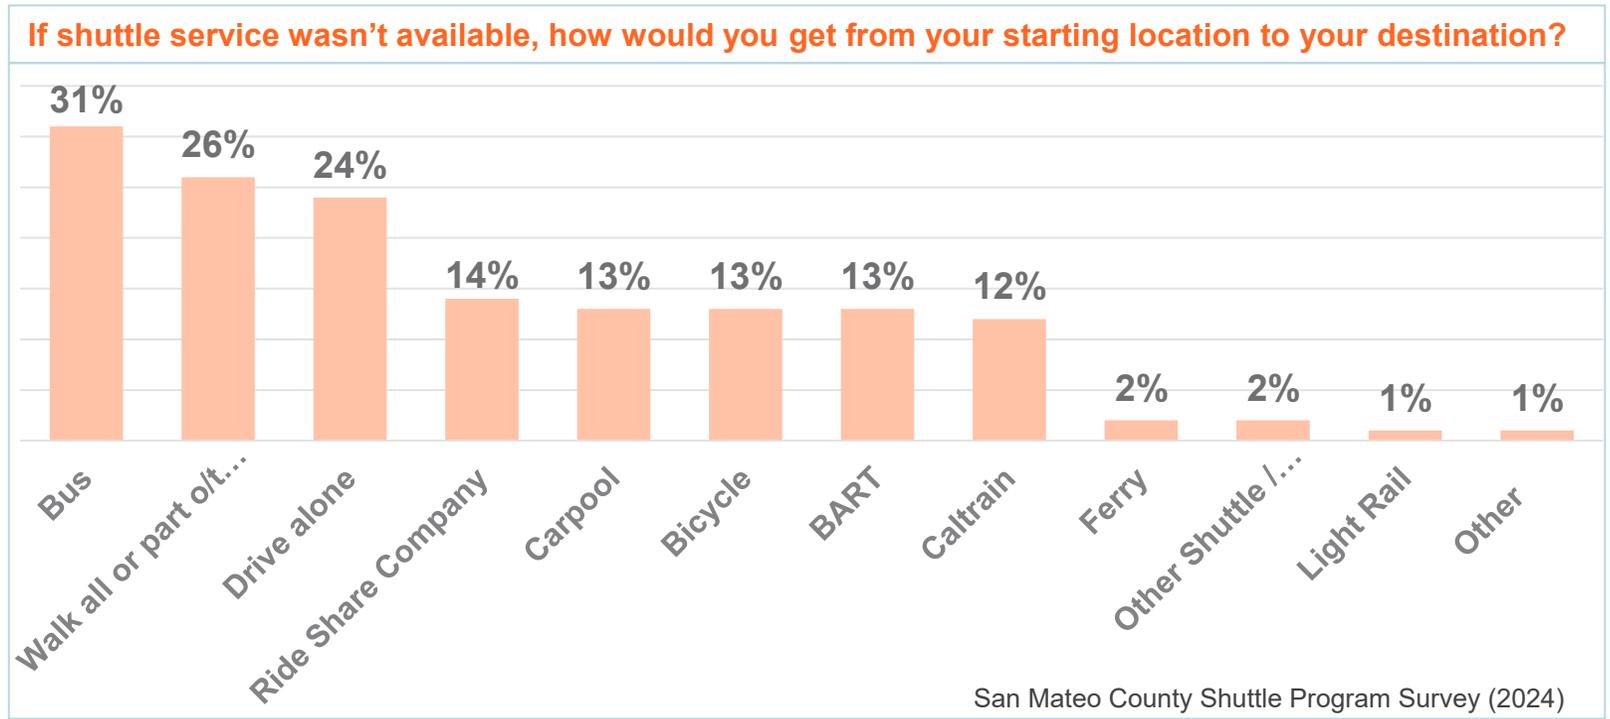

- 10 Express/SFO/Multicity
- 20 Fixed Route
- 45 School
- 2 On-Demand Services (Half Moon Bay, East Palo Alto)
- **24 Commute.org Shuttles**
- About 1,870 bus stops
  - ~30% provide a seat
  - ~15% provide shelter

## Busiest Routes (2023)

- ECR – El Camino Real
- 292 – SF-SFO-Hillsdale
- 122 – SSF-Stonestown SF
- 130 – Daly City-SSF East 101
- 110 – Daly City-Pacifica

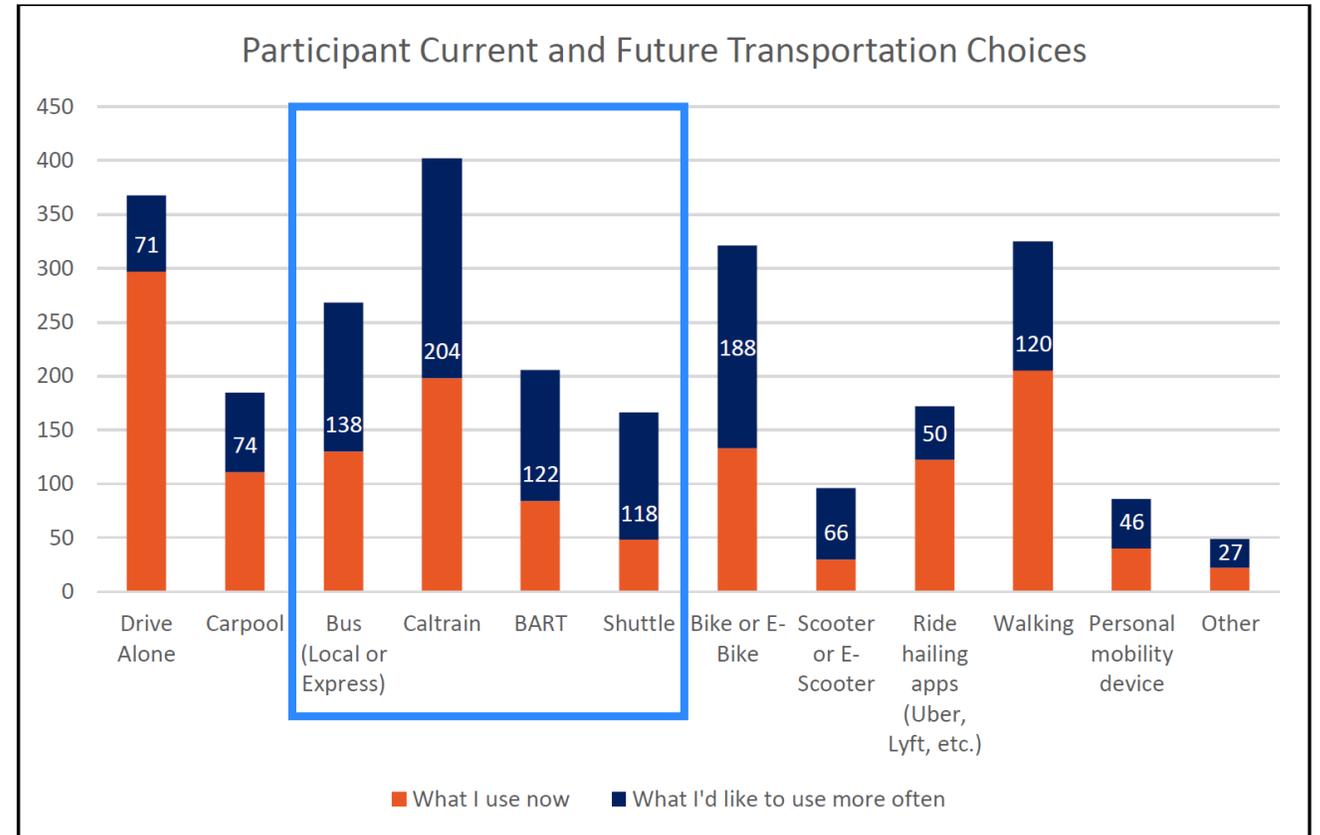

## Ridership

- SamTrans – 10 million annual boardings in San Mateo County (2024)
- **SamTrans ridership is up to 100%** of pre-pandemic levels while **Commute.org shuttle ridership is below 50%** of 2019 levels

# What We're Hearing – Transit

- More **frequent and reliable transit** in the 101 Corridor
- People want to take transit more often but need...
  - More frequent and reliable service
  - More first/last mile solutions
  - More affordable fare options / commuter benefits

South County 101 Connect Survey (2025)

# Active Transportation Network

## EXISTING CONDITIONS

- Some existing countywide connections, but most facilities are provided within each of the cities
- Backbone bike network planned to connect the county through low-stress bikeways
- Countywide sidewalk inventory currently underway

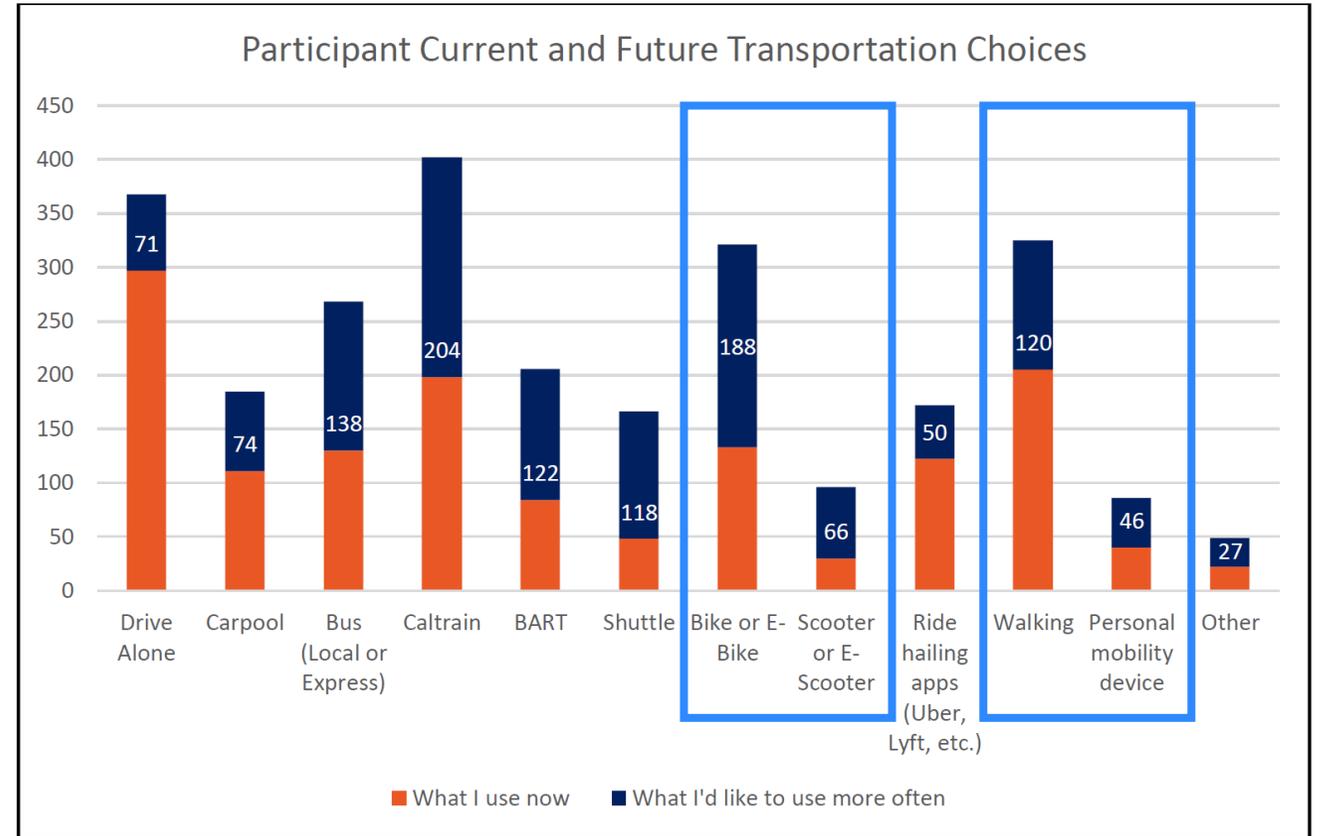

# What We're Hearing – Active Transportation

**Safety while biking, walking, or rolling** was one of the highest concerns identified in the 101 Corridor

People want to bike and walk more but need...

- Intersection improvements
- Highway 101 Crossings (e.g., Millbrae Ave)
- Low-stress bike and walk facilities on major corridors (e.g., El Camino Real)
- Better lighting; more benches, trees, and resting spots
- E-bike incentive programs

South County 101 Connect Survey (2025)

**SECTION 03**

**LOOKING  
AHEAD TO  
2050**

# TRANSPORTATION EFFORTS UNDERWAY

- Caltrain Grade Separation Corridor Crossing Strategy (On - going)
- SamTrans Grand Boulevard Initiative, including many local city studies supported by C/CAG and SMCTA (On - going)
- SamTrans Dumbarton Corridor Study (Fall 2025)
- C/CAG Countywide Local Road Safety Plan Implementation (Spring 2026)
- Peninsula Shuttle Program Update (Winter 2025)
- US 101/SR 92 Area Improvements (Under Construction)
- SMCTA 101 Corridor Connect (All plans adopted by March 2026)
- Bay Wheels Expansion in Daly City and Beyond (On - going)

# FACTORS INFLUENCING TRAVEL CONDITIONS

# We Want to Hear From You! (Elected Officials)

## Key Challenges

---

What are the most critical transportation challenges in the county?

## Collaboration Opportunities

---

Where do you see the greatest opportunities for regional collaboration to improve mobility?

## CTP Value

---

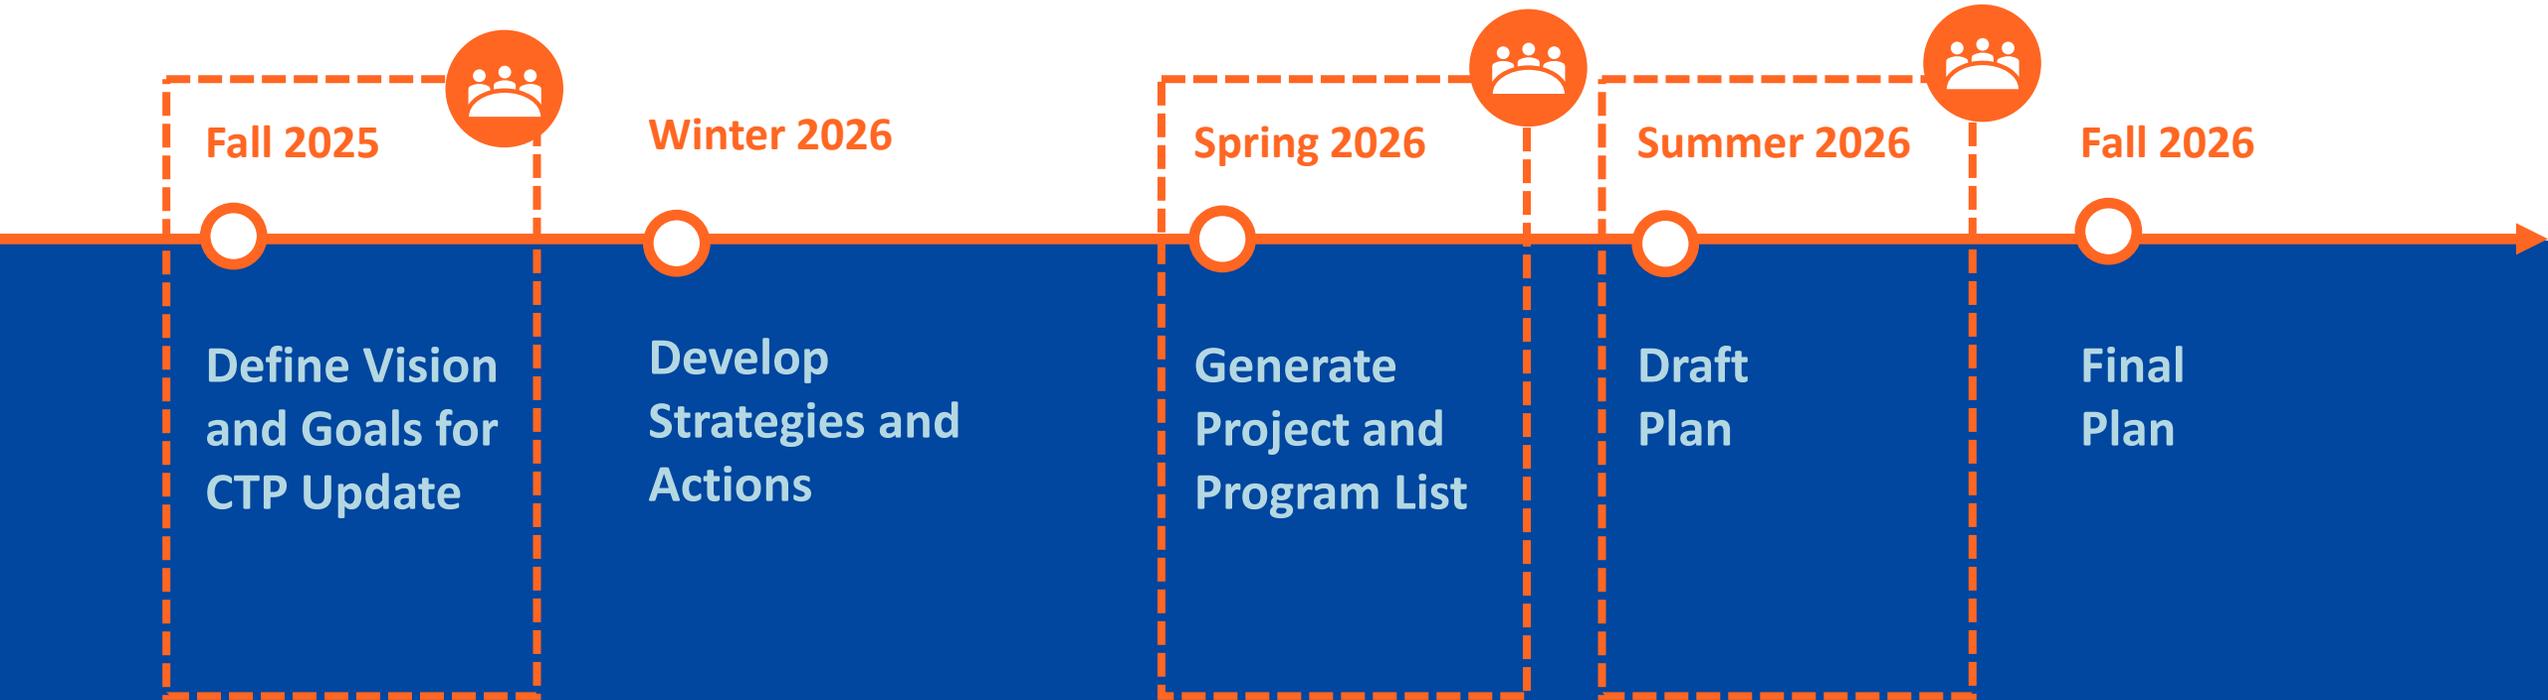

How could the CTP help you make more informed decisions for your city or district?

**SECTION 04**

**NEXT  
STEPS**

# Timeline

*Engagement Touchpoints in CTP Process*
