City/County Association of Governments of San Mateo County (C/CAG)

SAN BRUNO-MILLBRAE EL CAMINO REAL MULTIMODAL IMPROVEMENT CORRIDOR STUDY PHASE 2 FACT SHEET

STUDY OVERVIEW

El Camino Real is a well-used corridor that goes through much of San Mateo County. It is critical for those going north-south between San Jose and San Francisco and has many important connections to retail centers. Every year, people are killed or seriously injured on El Camino Real due to speeding, running red lights, and other factors that put other motorists, bicyclists and pedestrians at risk.

The City/County Association of Governments of San Mateo County (C/CAG), in partnership with the Cities of San Bruno and Millbrae, and the San Mateo County Transportation Authority, is conducting the San Bruno-Millbrae El Camino Real Multimodal Improvement Corridor Study (Study) to determine how accessibility, safety, and connectivity may be improved for people walking, biking, driving and using transit.

GET INVOLVED!

C/CAG has developed draft concepts/alternatives based on community input along with traffic and parking analyses. Phase 2 Community Engagement is happening now, and the project team wants your input to help select preferred concepts/ alternatives. Visit the project webpage to take the Phase 2 survey, see upcoming events, join our community workshop, and learn more: ccag.ca.gov/san-bruno-millbrae-ecr

STUDY GOALS

The goal of the Study is to develop and prioritize projects supported by data and public input that improve safety and connectivity using the existing transportation infrastructure. After the Study is complete, the cities of San Bruno and Millbrae can implement them to support long-term improvements on the corridor.

PROJECT TIMELINE

- **Fall 2025: Existing Conditions & Phase 1 Engagement:** Learn about the project and share your current experience and transportation needs along the corridor.
- **Fall/Winter 2026:** First viewing and opportunity to comment on draft concepts / alternatives based off traffic and parking analysis. Your comments will inform staff on the selection of a preferred concept/alternative.
- **Spring 2027: Draft Plan & begin Phase 3 Engagement:** Review the preferred alternative and share your input.
- **Summer 2027: Complete Phase 3 Engagement & Final Plan:** Learn about the final proposal option and next steps based on data analysis and your feedback.
